PROFILE

I'm a UX designer with a passion for creativity. I believe that simplicity is the ultimate sophistication – that less is more. I have an extensive background in graphic design, web design, and advertising. I bring my experience, passion, and professionalism to any creative task.

EXPERIENCE

UX Designer - Incorta April 2016-May 2016

- 3-week worked with Incorta that provides same- day analytics for business user & allows businesses to use data more quickly.
- Worked on the catalog section that needed clear and engaging interface.
- Provided solution by creating more user friendly, welcoming layout.
- User & stakeholder interviews, surveys, contextual inquiry, competitive and comparative analysis, and usability testing drove the design of the prototype.

UX Designer - San Francisco Bicycle Coalition (SFBC) March 2016-April 2016 (as part of General Assembly)

- 2-week project to design an mobile app that allows SFBC members to communicate and share with each other.
- User interviews, survey, competitive & comparative analysis, user flow, site maps, concept model, and wireframes. Usability testing drove the design of the prototype.

UX Designer - Progress Hardware -Ecommerce website March 2016 (as part of General Assembly)

- 2-week project to design an ecommerce website that helps to find right tool for loyal customers who don't like to go to stores, through detailed reviews, update inventory & same day shipping option.
- Used stakeholder interviews, competitive and comparative analysis, card sorting, and usability testing to inform design of global navigation as well as search and check out flows.

Web Designer - Ross Stores Inc. Dublin, CA Oct 2013- Dec 2015

- Researched & redesigned intranet portal using Adobe Creative suite & Oracle Webcenter.
- Created meaningful and compelling designs to help users become more productive and frequently visit the portal.
- Worked on design to be simpler and user friendly from complex and abstract material.
- Collaborated extensively across department & with various stakeholders.

Designer - Terminix Corp, Santa Clara, CA Aug 2009- May 2013

- Worked closely on presentations & administrative office work for sales and marketing managers
- Involved in maintaining clear and consistent communications to all departments, regarding bad debt account, and how to reinstate them.
- Worked closely with branch managers and regional managers.
